5. Miscellaneous Costs & Charges

Throughout the school year, it may occur that additional costs or charges arise. These are generally related to field trips, overnight trips, special programme offerings, or special events. These will be invoiced separately to the students participating.

Participation in the daily hot lunch programme provided by the school cafeteria is included in the Afternoon Programme fees for Grades 1-10 and in the Tuition costs for the IB Programme.

Damages to school technology, materials, or resources will incur a replacement and administrative fee.

6. Refunds

All contracts for school fees can be cancelled 3 months in advance of the half-year dates of July 31st or January 31st. Families who miss the termination deadline for one date are obligated to pay all fees until the next possible date of termination. There are no refunds or discounts for families who leave in the time between these two possible termination dates. The school may consider offering a termination date outside of these dates provided that notice is given with sufficient timing for the

cancellation date prior to the desired alternative cancellation date.

7. Payment of Fees

All contracts with the school are on a 12-month basis (01.08 – 31.07). Families who leave at the end of the school year must continue payment through the entire duration of the summer. The school reserves the right to terminate all contracts and enrolment for students who have two or more months of missing fees.

For families who wish to pay their fees on a monthly basis, all bank transfers are to be made in euros (EUR) via automatic SEPA Mandate as stated in the school contract.

For families who wish to pay the entire sum of their fees for the year in a one-time payment, a nominal discount may be available in discussion with the school.

8. IBDP Scholarships

WABE International School provides a limited number of scholarships to students applying to the IB Diploma Programme for Grades 11 and 12. For more information about how to apply for these scholarships, please contact the Admissions Office or complete the online information request form. Applications for scholarships are due by June 1st of each year.

9. Tax Deductions?

Families are able to deduct a certain amount of the fees paid for both the Morning and Afternoon Programme from the tax liability. We advise all families to contact their tax advisors for support in whether they are eligible to claim this and how to go about claiming these expenses on their taxes.

Annual tax statements indicating the amount of fees paid will be sent in the first quarter after the closing of a calendar year. Statements are always sent to the party that pays the fees directly.

10. Förderverein/Parent Association

WABE International School relies on not only on the programme fees but also on the generosity of our parents in supporting our school by donations to our Förderverein. The Förderverein is the main mechanism of the school to finance the building costs of our existing facilities as well as our upcoming expansion. Without support from our parents for this association, the school would be unable to accomplish its vision of growth and excellence for our students. As such, we strongly encourage all parents to consider membership in, or regular donations to our Parent Association. More information about this can be received from the Admissions Office. Donations to the Förderverein can reduce a family's overall tax liability. Specific details for each family's financial situation should be discussed with a tax consultant.
